

EXPRESS

265ml pressurized canister

- Protector
- Silencer
- Leak Sealer
- Cleaner

Biocide AF10

265ml pressurized canister & 10 Litre

Underfloor Heating Biocide AF10 Express

Fernox HVAC and Boiler Treatment Chemicals

Protectors and Cleaners

DS-40 System Cleaner

HVAC Protector F1 10L

ALPHI-11 Multimetal Glycol 5L to 25L

HVAC Cleaner F3 10L

DS-3 Limescale Remover

Central Heating Protector F1

- Protects against corrosion and limescale
- Protège contre la corrosion et le tartre
- Schützt gegen Korrosion und Kalkstein
- Protegge dalla corrosione e le incrostazioni
- Beschert tegen corrosie en kalksteen
- Protege contra la corrosión y la cal
- Protege contra a corrosão e depósito calcário

Central Heating Boiler Noise Silencer F2

- Reduces boiler noise
- Réduit les bruits de chaudière
- Reduziert Kesselgeräusche
- Riduce il rumore della caldaia
- Vermindert het ketelgeluid
- Reduce el ruido de la caldera
- Reduz o ruído da caldeira

Central Heating Cleaner F3

- Removes sludge and debris
- Élimine les boues et les débris
- Entfernt Schlamm und Ablagerungen
- Elimina merchia e detriti
- Verwijderet corrosieslib en afzettingen
- Elimina los sedimentos y residuos
- Elimina los sedimentos e detritos

Central Heating Leak Sealer F4

- Stop small leaks
- Colmate suintements et micro fuites
- Dichtet kleine Lecks ab
- Elimina piccole perdite
- Dicht kleine lekken
- Sella microperdidas y fugas
- Veda gotejamentos e pequenas fugas

Test Kits

Complete Water Test Kit

- 6 different function onsite tests

Refractometer to test Glycol Concentration

Meter Total dissolved solids meter

- digital readout

ARTIC FREEZE CHILLERS

- Boiler Protector for mixed-metal domestic central heating systems
- Protects against corrosion and limescale
- Prevents boiler noise
- Stops frequent venting of radiators
- Extends system life
- Prevents sticking pumps
- Saves on fuel bills
- Reduces maintenance costs
- Maintains system efficiency
- Prevents cold spots in radiators
- Reduces boiler noise
- Improves heat transfer efficiency
- Compatible with all Fernox Protectors
- Can be left in the system permanently
- Compatible with all metals and materials commonly used in central heating systems
- Neutral universal cleanser for pre-commissioning new systems in accordance with BS7593:2006.
- Removes sludge and scale and restores heating efficiency of existing systems
- Removes flux residues and other debris
- Compatible with all metals and materials commonly used in heating systems
- Easy to use system can be left running normally during cleansing
- Ideal for reducing pressure loss from sealed systems
- Seals most weeps and small inaccessible leaks
- Saves time and money on draining down and repairing
- Does not cause blockages of pump, air vents etc.
- Compatible with all metals and materials commonly used in central heating systems
- Non Toxic, Environmentally Friendly
- Mix to 1 1/2% to 2% by volume – cannot overdose
- For boiler retrofits use F3 Cleaner and flush thoroughly

Fernox Filters Total Filter TF1

Working in combination with Fernox proven chemical products, Fernox's extensive R&D facility has developed ground-breaking, non-barrier filtration units like the Total Filter TF1 to provide additional protection for central heating systems.

- Hydrocyclonic and magnetic in-line filter
- Unique action, removes magnetic and non-magnetic contaminants
- Fits vertical and horizontal pipe work
- Dosing point for Fernox 'F' range products
- Cleaned in seconds without removal or disassembly
- All valves and fittings included

Powerflow Flushing Pump MKIII

The Fernox Powerflow Flushing pump is a powerful acid-proof flushing pump. Making short work of cleaning boiler and radiator systems without their removal.

It can also be used as a de-scaling pump for heat exchangers. Helping to overcome boiler noise and circulation problems.

- Powerflush central heating systems to remove corrosion debris, sludge and scale
- De-scale boilers
- Overcome boiler noise and circulation problems
- Clean a system with just ONE visit to site
- Fully acid resistant
- High temperature operation to enable faster cleaning
